12A Refrigerant 6 oz Part # UC-212

12A Refrigerant is designed as a replacement for ozone depleting R-12 and R-134A refrigerant. 12A Refrigerant is hydrocarbon based and is non-toxic and non ozone depleting.

Super Seal 4 oz Part # UC-312

Ultra Cool Super Seal is used to repair minor leaks in seals, metal lines, evaporators and condensers. Also, helps to prevent further system leaks.

Stop Leak 4 oz Part # UC-311

Ultra Cool Stop Leak is designed to seal and repair leaks in rubber O-Rings and gasket joint areas.

Leak Dye 4 oz Part # UC-315

Ultra Cool Leak Dye will aid in the process of identifying the source of refrigerant leaks within your system. Leak Dye is compatible with A/C refrigerants and lubricants

Oil Lube 4 oz Part # UC-314

Ultra Cool Oil Lube is formulated to provide a lubricant for your A/C system to help reduce friction and replenish lost oils due to leaks. Also, helps prolong compressor life.

Dry Charge 4oz Part # UC-313

Ultra Cool Dry Charge helps to remove moisture in your A/C system. For best results, Ultra Dry should be used prior to using a super seal or stop leak.

Accessories

UC-701 - Hose for R134a

UC-704 - Hose with gauge for R134a

UC-707 - Hose for R12

UC-715 - Manifold gauge set

UC-742 - Low side conversion fitting R12 to R134a

UC-744 - A/C test thermometer

UC-745 - Side piercing valve

UC-747 - Oil analyzer for R134a

Use Ultra Cool products for the replacement of R-134a and R-12 substitute. Ultra Cool products are environmentally friendly, non ozone depleting and does not contribute to global warming. This easy to use and cost effective substitute is great for automotive, cars, trucks and farm vehicles using R-134a or R-12

Recharge Kit Part # UC-501

Complete A/C recharging kit includes:

- 2 cans of Refrigerant
- 1 can of Stop Leak
- 1 standard charging hose
- Fittings & oil analyzer

Recharge Kit Part # UC-502

Complete A/C recharging kit includes:

- 2 cans of Refrigerant
- 1 can of Stop Leak
- 1 charging hose with gauge
- Fittings & oil analyzer

A/C Tune Up Kit Part # UC-503

Complete A/C tune up kit includes:

- 1 can of Dry Charge
- 1 can of Super Seal
- 1 can of Oil Lube
- 1 charging hose with gauge
- Fittings & oil analyzer

Recharge Kit Part # UC-504

Complete A/C recharging kit includes:

- 2 cans of Refrigerant
- 1 charging hose with gauge
- Fittings & oil analyzer

Recharge Kit Part # UC-506

Complete A/C recharging kit includes:

- 1 can of Refrigerant
- 1 can of stop leak and refrigerant
- 1 charging hose with gauge

Recharge Kit Part # UC-510

Complete A/C recharging kit includes:

- 2 cans of Refrigerant
- 1 can of Stop Leak
- 1 charging hose with gauge
- Fittings & oil analyzer
- UV light
- Yellow safety glasses
- Thermometer

1234yf Replacement Refrigerant and Sealers

1234yf Replacement 8oz
Part# UC-210

Ultra Cool 1234yf Replacement refrigerant is hydrocarbon based and is designed to be a direct replacement for 1234yf.

1234yf Recharge Kit 8oz
Part# UC-512

Comes with one 8oz can of 1234yf Replacement Refrigerant and reusable trigger hose with metal gauge.

1234yf Stop Leak 4oz
Part# UC-316

Ultra Cool 1234yf Stop Leak is designed to repair and seal small leaks in rubber O-Rings and gasket joint areas.

1234yf Super Seal 4oz
Part# UC-317

Ultra Cool 1234yf Super Seal is designed to repair minor leaks in seals, metal lines, evaporators and condensers. Also helps to prevent further leaks in the system.

1234yf Leak Dye 4oz
Part# UC-318

Ultra Cool 1234yf Leak Dye is designed to help identify leaks in 1234yf systems.

1234yf Arctic Air 4oz
Part# UC-319

Ultra Cool 1234yf Arctic Air is a dryer and air enhancer to tune up 1234yf systems.

Use Ultra Cool products for the replacement of 1234yf Refrigerant. Ultra Cool products are environmentally friendly, non ozone depleting and does not contribute to global warming. This easy to use and cost effective substitute is great for cars, trucks and farm vehicles using 1234yf Refrigerants.

Use Ultra Cool products for the replacement of R-134a and R-12 substitute. Ultra Cool products are environmentally friendly, non ozone depleting and does not contribute to global warming. This easy to use and cost effective substitute is great for automotive, cars, trucks and farm vehicles using R-134a or R-12

A/C ON THE GO

Our patented trigger hose controls the release of gas allowing more recharges with less waste.

Trigger hose is compatible with all other Ultra Cool A/C products.

Larger 255g (9oz) can is equivalent to 680g (24oz) of 134a compared to the traditional 168g (6oz) can.

Easy to read gauge helps reduce the risk of overcharging the system.

Retailers save valuable shelf space. Takes up 1/3 of the space versus traditional recharge kits.

A Great Value! One can of A/C on the Go is enough to recharge most systems.

PRO TORCH

Pencil Flame Brass Torch Part # UF-4919

- Manual ignition
- Pencil Flame
- Ideal for soft soldering
- For use with propane gas

Pencil Flame Brass Torch Kit Part # UF-4921

- Manual ignition
- Pencil Flame
- Idea for soft soldering
- Includes 14.1oz propane cylinder

Self Igniting Torch Kit Part # UF-4923

- Auto ignition
- Adjustable Flame
- Anti-Flare feature
- Stainless steel burner tube
- Portable, lightweight and easy to use
- Includes 14.1pz propane cylinder

Self Igniting Torch Part # UF-4925

- Auto ignition
- Adjustable Flame
- Anti-Flare feature
- Stainless steel burner tube
- Portable, lightweight and easy to use

Propane Torch and Accessory Kit Part # UF-4926

- 5 piece set in a sturdy plastic case includes:
 - Propane torch with $\frac{3}{4}$ " nozzle and 44" long hose
 - Soldering Tip
 - $\frac{7}{8}$ " Brazing nozzle
 - 1-1/2" Flame Spreading nozzle
 - Tank stand

Swivel Torch Kit Part # UF-4931

- For use with propane, MAPP or MAPP substitutes
- Auto ignition
- Swirl Flame
- 360 degree angled swivel tube
- Adjustable Flame
- Ideal for brazing and light soldering
- Includes 16.1oz MAPP substitute cylinder

Swivel Torch Part # UF-4932

- For use with propane, MAPP or MAPP substitutes
- Auto ignition
- Swirl Flame
- 360 degree angled swivel tube
- Adjustable Flame
- Ideal for brazing and light soldering

Heavy Duty Metal Handle Torch Part # UF-4933

- For use with propane, MAPP or MAPP substitutes
- Ergonomic Metal handle
- Trigger start ignition
- Safety lock to prevent accidental ignition
- Ignition button lock for continuous use
- Swirl flame

PROTORCH

Self-Igniting Interchangeable Blazing Torch Kit Part # UF-4934

- For use with propane, MAPP or MAPP substitute
- Comes with a Fine Flame Burner Tube and a Super Cyclone flame burner tube
- Up to 1900°C flame temperature
- Adjustable flame
- Valve connection

Heavy Duty Metal Handle Torch Kit Part # UF-4935

- For use with propane, MAPP or MAPP substitutes
- Ergonomic Metal handle
- Trigger start ignition
- Safety lock to prevent accidental ignition
- Ignition button lock for continuous use
- Swirl flame
- Includes 16.1oz MAPP substitute cylinder

Heavy Duty Industrial Torch Kit with MAPP Part # UF-4938

- Includes a 16.1oz MAPP substitute cylinder
- Suitable for industrial use
- For use with propane, MAPP or MAPP substitutes
- Adjustable flame control
- Trigger start ignition
- Ignition button lock for continuous use
- Safety lock
- Swirl Flame

Heavy Duty Industrial Torch Part # UF-4939

- Suitable for industrial use
- For use with propane, MAPP or MAPP substitutes
- Adjustable flame control
- Trigger start ignition
- Ignition button lock for continuous use
- Safety lock
- Swirl Flame

PROTORCH

16.1oz Mapp Substitute Cylinder **Part # UF-4941**

- High quality MAPP gas substitute with propylene, propane and dimethyl mixtures.
- Ideal for professional or heavy welding as well as cutting iron and steel.
- 15% more fuel
- 14% higher BTU heating output
- Burns 30% longer

1.40oz Oxygen Cylinder **Part # UF-4943**

- High quality oxygen with purity > 95% (v/v)
- Net weight 1.4oz
- For use with MAPP gas substitute or propylene to produce higher temperature flame and higher heat output.
- Ideal for professional welding and metal cutting.

14.1oz Propane Cylinder **Part # UF-4944**

- High quality propane with purity >95% (m/m).
- Net weight 14.1oz
- Ideal for professional welding and metal cutting.

16.5oz Propane Camping Cylinder **Part # UF-4945**

- High quality propane with purity >95% (m/m).
- Net weight 16.5oz
- Multi-functional. Can be used with camping appliances or torches.

UF-4970 Mini Torch

- Roll dial for Adjustable Flame Control
- Precise pin point flame
- Continuous flame once lit
- Electronic Trigger ignition
- Detachable base
- Refillable Butane Torch

UF-4971 90deg Adjustable Torch

- Slide Adjustable Flame Control
- Broad flame to cover larger surface
- 90deg adjustability of flame nozzle
- Electronic Trigger ignition
- Can be locked for continuous flame
- Soft gripe
- Refillable Butane Torch

UF-4975 400 Butane Torch

- Slide for Adjustable Flame Control
- Medium broad flame
- Continuous flame once lit and locked
- Electronic Push Start ignition
- Refillable Butane Torch

UF-4976 Pocket Torch

- Slide for Adjustable Flame Control
- Medium broad flame
- Safety lock for trigger start
- Continuous flame once lit and locked
- Refillable Butane Torch

UF-4985 Ultra Platinum Butane 165g

- Refined 7 times
- 99.9% Pure Premium Butane
- Includes a variety of multi tips

UF-4986 Ultra Platinum Butane 330g

- Refined 7 times
- 99.9% Pure Premium Butane
- Includes a variety of multi tips
